Going to Israel?

For the past 35 years, **AIM** has been the forerunner and the go to for concierge medical care in Israel. **AIM**'s reputation and care for its students has preceded it throughout the years, growing and building throughout pandemics and other challenges. The real value of a medical plan exists in the company behind the plan and its proven ability to respond in a time of need, day or night.

As parents,

We understand the concerns common to Parents sending their children abroad. As Physicians, we know how important personalized private medical attention is to a student who is thousands of miles away from home.

For the past 35 years, we at AIM have been providing the type of quality medical care that puts the minds of parents and students at ease.

Thousands of students learning in Yeshiva, Seminaries and educational institutions throughout Israel have benefited from our private care and when needed - the personal attention of the best specialists in Israel.

The AIM Gold, Platinum and Diamond Plans are designed to provide complete medical coverage for students studying in Israel at a lower cost than deductions on most US health plans and HMOs.

Most important, is the students' feeling that an AIM Physician is their family Physician away from home and the concerns of parents are being eased.

We hope the student accomplishes his/her objectives in their study program. The AIM Medical Center and our physicians will be available if they need us.

Sincerely, Dr. Steven Eagle | Medical Director

IMPORTANT: AIM MEDICAL SERVICES IN ISRAEL

Dear Parent,

As a parent of an incoming Midreshet Tehillah student, we would like to introduce you to the American Israel Medi-Plan (AIM). AIM is a private medical program providing American-style medical care designed specifically for students studying in Israel.

For the past 35 years, AIM has been designated as the provider of medical services for many yeshivas and seminaries in Israel and has been chosen to provide the medical care for Midreshet Tehillah students this year. We believe a complete medical services program is absolutely essential for every student, especially when they are away from home and in a new and foreign environment.

AIM (American Israel Medi-Plan) is run by prominent English-speaking doctors and a competent Anglo-Saxon staff. AIM is a comprehensive private medical program, designed specifically for students studying in Israel.

The AIM Medical Center is located near the Neve Yerushalayim campus.

The AIM Gold Plan offers:

- * A highly competent experienced staff of American physicians and nurses.
- * No charge for visiting doctor, unlimited examinations and treatment at the AIM Medical Center.
- * 24/7 doctor on duty. One can always speak with a doctor.
- * Your daughter does not lay out money for services. She only needs to present her **AIM** photo ID card.
- * In case of a serious problem, the family or family doctor will be contacted by the caring physician.
- * AIM arranges immediate private appointments with specialists eliminating red tape and long waiting lines.
- * Medical coverage available throughout the State of Israel.
- * Emergency room & hospitalization coverage with no deductible covers all non-elective hospital fees.
- * AIM Plan includes complete coverage for specialists, prescribed medications, diagnostic treatment and emergency dental care (see enclosed literature).*
- * The knowledge that your daughter will receive the best medical care around the clock medical care available in Israel.

The AIM Platinum Plan for only an additional \$100 (before August 1st) expands the AIM Gold Plan benefits to include:

- * Pre-existing conditions: covers sudden unexpected onset of pre-existing conditions*
- * Medical Maximum of \$200,000.
- * Diagnostic tests including CAT scans, MRI, bone scans.
- * Physical Therapy and Chiropractic care up to 4 visits per year.
- * Alternative Medicine, Chinese medicine, Acupuncture, Herbal Therapy.
- * March of the Living Trip to Poland-14 days coverage*.

<u>The NEW AIM Diamond Plan</u> for an additional \$200 offers dental coverage as well! (See website for more details)

The AIM medical personnel visit the school twice a week. AIM also provides daily telemedicine sessions. The purpose of this expanded capability is not only in times of quarantine or if parents prefer their child not visit a doctor's office, but this will allow students who need to see a doctor to see on the same day.

Like many others interested in Torah education, we believe a complete medical services program with American doctors, is important for every young person, particularly when they are far away from home.

Please carefully review the enclosed literature and choose the plan that best suits your daughter.

Should you seek clarification, please contact the AIM office directly at:

Telephone #: 1-800-4-AIM-PLAN (1-800-424-6752)

Sincerely,

Mrs. Shoshana Berman,

Director of Medical Services

Sherlana Bemon

- AIM is a totally independent American corporation and is not affiliated with any yeshiva or seminary. The only beneficiaries of this program are the AIM Members.
- Parents should <u>not</u> cancel their daughter's current coverage to ensure that they are covered for any pre-existing conditions while in Israel, for
 pre-existing coverage when they return home after the year, and for any trips home during the year.
